BIO

Lottie was born and raised in Southern California. From an early age, she displayed a strong creative flair for art and self expression.

Upon completing an education in graphic design, she moved to London, England and quickly found work on a number of cutting edge projects. Breaking away from design a few years later, Lottie moved into what she'd consider her true calling.

The world of makeup was a simple transition, based upon her strong understanding of light, color, and form. Combined with precise application and attention to detail, Lottie's flawless results got her noticed.
